

A vibrant ski season!

Bromont, Thursday, December 8, 2022 – Bromont, montagne d'expériences unveiled today its program of shows and special activities for the winter season. With its usual series, as well as new events, this program will appeal to young and old alike.

Return of the Après-ski and Jeudi Shows

The *Après-ski* series of outdoor shows is packed and will feature five artists on three different nights. Meet us on Saturday, January 21 at the foot of the slopes to discover our mystery artist whose name will be revealed in the days leading up to the event. That show will be followed by:

Saturday, February 4
Koriass
Opening act: Jay Scøtt

Saturday, February 18
Banx & Ranx
Opening act: Clay and Friends

The *Jeudi Shows* at Bistro-bar la Débarque will start on January 12. The artists will take the stage with comedy and music until Thursday, March 2.

New this winter

An original concept called *Soirée vin et jazz au Sommet* has been added to our programming.

"We're very excited about this new concept," said Marc-André Meunier, Director of Sales and Marketing. "For two evenings, we'll have a live jazz band at the Chalet du Sommet. The ticket includes a gondola ride, wine tasting, local charcuterie and cheese platters and access to the show. We believe that this formula will also appeal to our members and will enhance our current offer."

Nuits Blanches

The classic Nuits Blanches nights are also back. For seven nights, skiers will be able to enjoy the lifts until the wee hours of the morning, not to mention the challenge zones, the entertainment and the musical ambiance at the foot of the slopes!

Activities for the whole family

Always very popular, the Défi des 7 versants and the Défi de randonnée alpine will offer outdoor enthusiasts the chance to surpass themselves once again this winter. Finally, our animation team has a wide range of activities for families during the holiday season and spring break. Family Day will also be celebrated at the end of the season.

Opening of the ski resort

The mountain welcomed its first skiers and snowboarders on Saturday, December 3. While the resort has, until now, only been open to season pass holders, as of next Monday it will be open to ticket holders who will also be able to enjoy the pleasures of skiing.

"The weather conditions convinced us to be patient and to open gradually, both with our trails and with our clientele," said Meunier. "We had some nice cold spells in November, which allowed us to get enough snow on our trails for the opening. However, with the warmer weather last week, we decided to preserve our snow and go gradually. But the good news is that the cold weather will be back tomorrow and will allow us to complete our first snowmaking phase," he concluded.
